

Love Lagos

For God so Loved the World. God cares about people and the places they stay, so Jesus came to earth and he was doing good wherever he went. Like Jesus, God sends us into our communities and cities to show his passion to renew our world. We are committed to God's purpose through mission and social justice in the city of Lagos

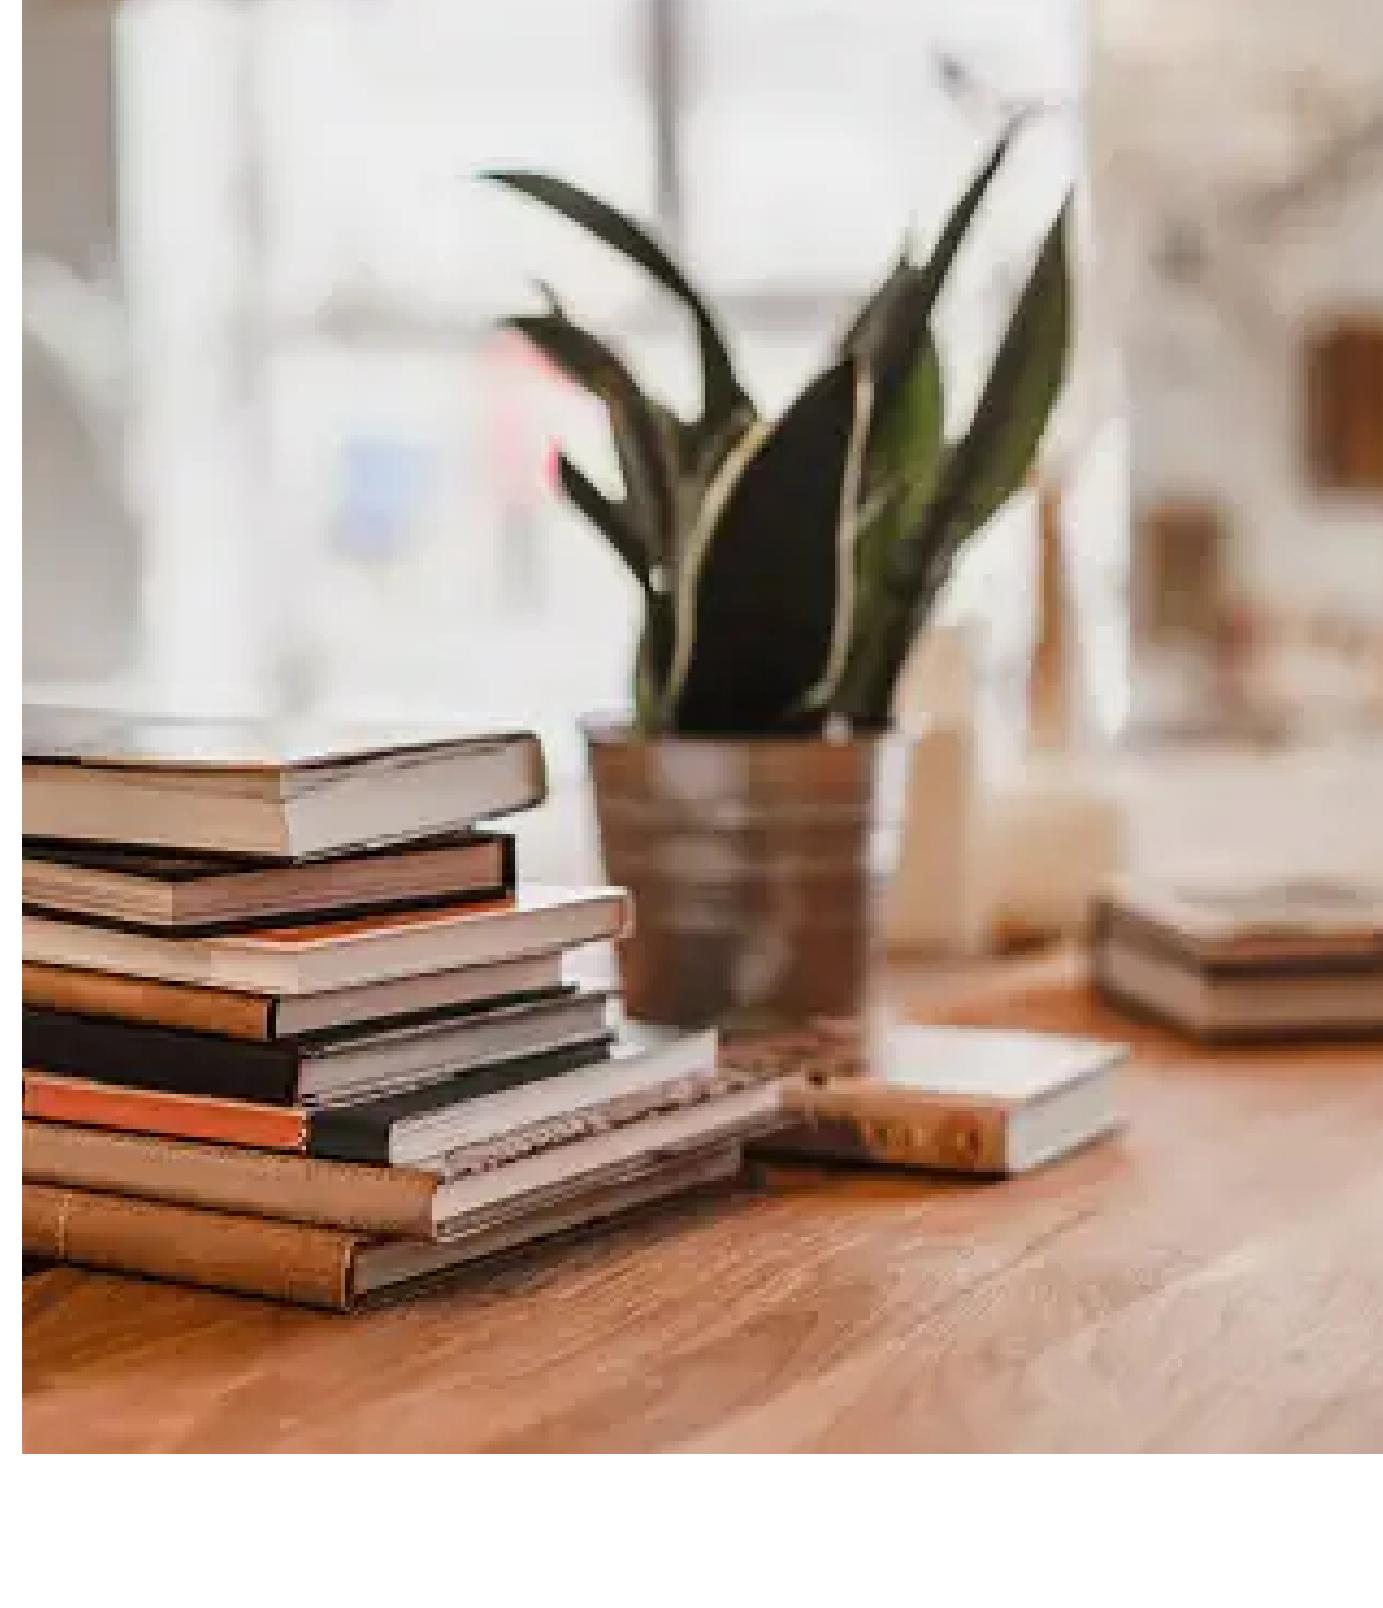

Justice Initiative

Mercy and Justice:

God's mercy to us and act of justice shown in the gospel, challenges us to do the same through deeds of kindness to the less privileged and marginalized in our city. We demonstrate this through mandated Justice Initiatives adopted by each of our Gospel Communities.

Renew

Renew is an initiative of City Church Lagos that exists to train Ministry Leaders and Pastors for Church planting and Church growth through conferences, seminars, trainings, and other ministry initiatives.

Affiliation

We recognize and partner with organizations and individuals involved with and promoting socially-just causes in our city and beyond.
